Science
- **1** Package of Graph Paper
- Math

We know you love Trapper Keepers and Mechanical Pencils but we ask that you *do not* purchase them. We have found middle schoolers have a hard time keeping trappers organized and mechanical pencils are very distracting.

If a student needs a Trapper Keeper, the team and/or guidance counselors will determine it.

For all students (6th, 7th, 8th) it will be beneficial to bring items useful for organizing your locker.
Some students prefer to bring locker shelf or magnetic pencil organizer etc.
Please call the Middle School office for questions 581 - 4664
